Blue of Noon Mar 01 2020 One of the twentieth century's great nihilist novels, Blue of Noon is a blackly compelling account of depravity and terror that retains all its shocking power today. Set in pre-war Europe, its narrator lurches despairingly from city to city in a surreal sexual and mental nightmare of squalor, sadism and drunken encounters - his journey into madness mirroring the fighting and marching on the streets outside. Confronting Fascism, the novel is torn between identifying with history's victims and being seduced by the violent glamour of its terrible victors. One of the most brilliant intellects and influential French writers of his time, Bataille's unflinching exploration of the dark forces beneath the surface of civilization defies all our expectations.

Death At Wentwater Court Nov 01 2022 More than twenty years ago, Carola Dunn introduced to the world the charming, vivacious and perspicacious Daisy Dalrymple and the tumultuous decade of the 1920s, in an England barely starting to recover from World War I and now undergoing rapid social changes. In early 1923, the young Honourable Daisy Dalrymple has made a decision that shocks her social class-instead of living in the Dower House with her mother and being supported by her relatives, she's decided to make her own living as a writer. Landing an assignment for Town & Country to write a series of articles on country manor houses, Daisy travels to Wentwater Court to research her first piece. There she finds a household in turmoil, filled with holiday guests and recriminations. But that's nothing compared to the uproar when one of those guests drowns in a tragic early-morning skating "accident." When it is learned that this was anything but accidental, Scotland Yard is called in and a young Chief Inspector, one Alec Fletcher, is called in to investigate. And therein hangs a tale... A series with all the charm of the classic golden age mysteries with the kind of full-blooded, three dimensional characters that define the best of modern mystery, the Daisy Dalrymple mysteries have been a favorite for more than two decades. Now, with this reissue, readers can enjoy it from the very beginning.

Death and Dying in the Working Class, 1865-1920 Apr 01 2020 Michael K. Rosenow investigates working people's beliefs, rituals of dying, and the politics of death by honing in on three overarching questions: How did workers, their families, and their communities experience death? Did various identities of class, race, gender, and religion coalesce to form distinct cultures of death for working people? And how did people's attitudes toward death reflect notions of who mattered in U.S. society? Drawing from an eclectic array of sources ranging from Andrew Carnegie to grave markers in Chicago's potter's field, Rosenow portrays the complex political, social, and cultural relationships that fueled the United States' industrial ascent. The result is an undertaking that adds emotional depth to existing history while challenging our understanding of modes of cultural transmission.

The Global 1920s Jul 17 2021 The 1920s is often recognised as a decade of fascism, flappers and film. Covering the political, economic and social

developments of the 1920s throughout the world, *The Global 1920s* takes an international and cross-cultural perspective on the critical changes and conditions that prevailed from roughly 1919 to 1930. With twelve chapters on themes including international diplomacy and the imperial powers, film and music, art and literature, women and society, democracy, fascism, and science and technology, this book explores both the 'big' questions of capitalism, class and communism on the one hand and the everyday experience of citizens around the globe on the other. Utilising archival sources throughout, it concludes with an extensive discussion of the circumstances surrounding the 1929 stock market crash and the onset of the Great Depression, the effects of which were felt worldwide. Covering topics from the oil boom in South America to the start of civil war in China, employment advances and setbacks for women across the globe, and the advent of radio and air travel, the authors provide a concise yet comprehensive overview of this turbulent decade. Containing illustrations and a selection of discussion questions at the end of each chapter, this book is valuable reading for students of the 1920s in global history.

The Limit of the Useful Jul 05 2020 The first English-language translation of an essential, early work key to understanding the French philosopher's later thought. In the decade prior to the publication of *Inner Experience* (*L'expérience intérieure*), the twentieth-century French philosopher Georges Bataille produced a nascent masterwork containing some of his most original and extensive reflections on a range of subjects. With thoughts on ritual sacrifice and military conquest, the nature of laughter, and the mechanisms of capitalism, *The Limit of the Useful*, as Bataille had planned to title the work, illuminates the philosopher's later corpus, yet it remained unfinished and unpublished in his lifetime, and untranslated until now. This is the first English-language translation of what Cory Austin Knudson and Tomas Elliott argue is one of Bataille's most structurally consistent works. Paired with draft essays and plans for *The Accursed Share*, along with over a hundred pages of appendixes and notes, the volume distinctively elaborates Bataille's thought. *The Limit of the Useful* spans a decade of rich intellectual ferment in Bataille's life as he first formulated his challenge to capitalism, engaging with concepts and ideas in ways not seen in his other published works. The volume bridges the gap between Bataille's surrealist literary writings and later scientific pretensions, drawing attention to, and filling in, an overlooked lacuna in his oeuvre.

Investigating Death in Paradise Jul 29 2022 First televised in 2011, *Death in Paradise* remains one of the most popular shows in the U.K. The detective series is frequently ignored, panned or belittled by television critics, but viewers disagree. Bringing in more than eight million viewers a season, it is accessible in more than 235 global territories. This first book-length assessment of *Death in Paradise* offers a fresh take on the popular BBC drama. The book positions the show within broader contexts that illustrate its origins and timeless appeal, from the first conceptualizations of "paradise" in ancient cultures to the creation of the classic detective story in the 1920s. The Detective Inspectors on *Death in Paradise* come from a long line of fictional eccentrics who excel at finding quirky clues, seeing surprising connections and sometimes employing help from other officials and agencies. Through exploration of these narrative elements and more, the author reveals deeper themes of justice, inclusion and environmentalism.

The Zanzibar Chest Apr 13 2021 An examination of colonialism and its consequences. "A sweeping, poetic homage to Africa, a continent made vivid by Hartley's capable, stunning prose" (Publishers Weekly). In his final days, Aidan Hartley's father said to him, "We should have never come." Those words spoke of a colonial legacy that stretched back through four generations of one British family. From a great-great-grandfather who defended British settlements in nineteenth-century New Zealand, to his father, a colonial officer sent to Africa in the 1920s and who later returned to raise a family there—these were intrepid men who traveled to exotic lands to conquer, build, and bear witness. And there was Aidan, who became a journalist covering Africa in the 1990s, a decade marked by terror and genocide. After encountering the violence in Somalia, Uganda, and Rwanda, Aidan retreated to his family's house in Kenya where he discovered the Zanzibar chest his father left him. Intricately hand-carved, the chest contained the diaries of his father's best friend, Peter Davey, an Englishman who had died under obscure circumstances five decades before. With the papers as his guide, Hartley embarked on a journey not only to unlock the secrets of Davey's life, but his own. "The finest account of a war correspondent's psychic wracking since Michael Herr's *Dispatches*." —Rian Malan, author of *My Traitor's Heart*

Death in Damascus Dec 02 2022 A 1920s Murder Mystery - Death in the desert with intrigue, adventure and a dog of distinction.' There's a damsel in distress and accusations of attempted murder flying around, but it's not in the comfortable confines of the English countryside, it's in the very distant city of Damascus. Lennox must go and investigate, although he's not too keen on exotic locations, and his old retainer, Greggs is distinctly averse to the very idea. Nevertheless, ex-Chief Inspector Swift persuades them and they reach the ancient city to discover a movie crew, a spy and a couple of mysterious ladies. Nobody seems to be telling

the truth, they all have secrets, and there's one secret in particular that's drawn them like bees to the honeypot. But what is it? And then there's murder, and mysteries from the ancient past, and a handsome Sheik who remains in the shadows. Heathcliff Lennox and Swift must investigate and use all their ingenuity to unravel the enigma that lies hidden in the dusty streets of ancient Damascus. Major Heathcliff Lennox, ex-WWI war pilot, six feet 3 inches, unruly dark blond hair, age around 30 - named after the hero of Wuthering Heights by his romantically minded mother - much to his great annoyance. Death in Damascus is the fourth book in the Lennox series. amazon reviewsKindle Customer Sally Hutcheson 5 starsExcellent Mystery. Don't pick up unless you have time to read it all She does not give away "who done it" until the very end and it still makes sense. I love her characters and hopes she finds time to write a lot more books. Kindle Customer 5 starsFast paced mystery. Very well written and fast paced. A very good page turner. Did not see the end coming. Highly recommend this series. I read book three before this in error which led to a small bit of confusion but no real problem. Kindle CustomerKathryn Loewenstein What fun this book was! Delightful story...kept me laughing at times and thoroughly entertained. Really if one wants an entertaining mystery, this is it! Hope everyone will enjoy this book as much as I did! Cat100 5 starsTerrific cozy English house mystery!I absolutely loved this book! It was really hard to put down. The characters were all so great. I can't get enough of the old fashioned English house party mystery. Kindle Customer 5 starsAn Agatha or Dorothy Sayres style that I thought went out of fashion In these days Well done, satisfying, wanting the next one! I will heartedly recommend. Puzzle without gore, depressive scenes, or bodily fluids. Well done! Vicki Oliver 5 starsWell done latest mystery with Heathcliff Lennox Karen Baugh Menuhin's mystery with WWI veteran Heathcliff Lennox is perfect for fans of traditional detective mysteries. The waning life of post-war England is spot on--the loyal servants, some of whom served as bat men in the war, the ambiance of old crumbling manor houses the dialogue--all make the book a delightful read. Mr. Fogg, Lennox's sweet dog, is joined by Mr. Tubbs, an orphaned cat. Inspector Swift re-appears, much to both men's dismay. Ms. Menuhin has a way of incorporating touches of Downton Abbey with war details along with humor. I read this book via Kindle Unlimited but have added it permanently to my library for re-reading again (and again).

Newspaper-Real Estate Schemes of the 1920s Feb 21 2022 In the 1920s, newspapers and real estate developers colluded in a scheme to sell tiny vacation lots to subscribers. A zealous advertising campaign spawned a land-buying frenzy that sprouted dozens of waterfront summer colonies across the country. The resulting legal, social and environmental mayhem caused some of these communities to disappear or be drastically altered in character, while others managed to survive more or less intact. Drawing on newspaper accounts of the day, this book explores how the scheme eluded accusations of fraud, creating an assembly line for middle class resorts through a lucrative merger of real estate and journalism. Pell Lake, Wisconsin, serves as a case study that yields the best

evidence for determining if it was all a scam. Told here for the first time, the story of this unusual alliance and the communities it created offers lessons for today's entrepreneurs, journalists, advertisers, real estate developers, environmentalists and anyone who has ever lived in a resort community.

Irish Political Prisoners 1920-1962 May 15 2021 Irish Political Prisoners presents a

detailed and gripping overview of political imprisonment from 1920-1962. Seán McConville examines the years from the formation of the Northern Ireland state to the release of the last border campaign prisoners in 1962. Drawing extensively and, in many cases, uniquely on archives and special collections in the three jurisdictions, and interviews with survivors from the period, McConville demonstrates how punishment came to embody and shape the nationalist consciousness. *Irish Political Prisoners 1920-1962* commences with the legacy of the Anglo Irish and Irish Civil Wars - militancy, division and bitterness. The book travels from the embedding of Northern Ireland's security agenda in the 1920's, and the IRA's search for a role in the 1930's (including the 1939 bombing campaign against Britain) to the decisive use of internment during the war and the border campaign years. This volume will be an essential resource for students of Irish history and is a major contribution to the study of imprisonment. .

Raced to Death in 1920s Hawai i Jan 03 2023 On September 18, 1928, Myles Yutaka Fukunaga kidnapped and brutally murdered ten-year-old George Gill Jamieson in Waikīkī. Fukunaga, a nineteen-year-old nisei, or second-generation Japanese American, confessed to the crime. Within three weeks, authorities had convicted him and sentenced him to hang, despite questions about Fukunaga's sanity and a deeply flawed defense by his court-appointed attorneys. Jonathan Y. Okamura argues that officials "raced" Fukunaga to death—first viewing the accused only as Japanese despite the law supposedly being colorblind, and then hurrying to satisfy the Haole (white) community's demand for revenge. Okamura sets the case against an analysis of the racial hierarchy that undergirded Hawai'ian society, which was dominated by Haoles who saw themselves most threatened by the islands' sizable Japanese American community. The Fukunaga case and others

like it in the 1920s reinforced Haole supremacy and maintained the racial boundary that separated Haoles from non-Haoles, particularly through racial injustice. As Okamura challenges the representation of Hawai i as a racial paradise, he reveals the ways Haoles usurped the criminal justice system and reevaluates the tense history of anti-Japanese racism in Hawai i.

Prohibition Madness Dec 22 2021 Throughout America cocktail parties sparkled defiantly through the dreaded first minutes of January 20, 1920. With morning would come the official start of Prohibition. It was easy, however, to keep the party going in Long Beach, California. Though Long Beach had been "dry" throughout most of its history, illegal liquor distribution throughout the city was already perfected by the time the 18th Amendment, banning the sale of most alcoholic beverages, became law. Already in place were underground booze operations, secretive speakeasies and bootlegging, the perfect staging ground for crime, corruption AND murder. READ ABOUT: Oil - The one discovery that made Long Beach different from the rest of 1920's and 30's America and would change the life of the city in many unforeseen ways. Good vs. Evil - Murders, gun battles, lawlessness ...the city was a battleground between the influences of good and evil. Involved in the battle was the Ku Klux Klan, Communists, rum runners, bootleggers, gangsters, and corrupt politicians. MEET: Hollywood celebrities

William Desmond Taylor, Fatty Arbuckle and other well-known figures who ended up dead, or their careers ruined, because of rampant corruption and illicit booze. Gangsters such as Al Capone's henchman Ralph Sheldon, who gunned down Long Beach policeman William Waggoner, and got away with it. Bootleggers like Thomas Johnstone, murdered by his wife when he refused to give up his nefarious profession. Oil swindlers, many influenced by C.C. Julian and his Ponzi scheme that bilked thousands out of their life savings. Murderers such as Bluebeard Watson, who killed most of his 15 wives until one of them became suspicious. These are just a few of the individuals and matters discussed in this eye opening account of Long Beach and Southern California during the 1920's and 30's.

To the Other Shore Sep 26 2019 To the Other Shore tells the story of a small but influential group of Jewish intellectuals who immigrated to the United States from the Russian Empire between 1881 and the early 1920s--the era of "mass immigration." This pioneer group of Jewish intellectuals, many of whom were raised in Orthodox homes, abandoned their Jewish identity, absorbed the radical

political theories circulating in nineteenth-century Russia, and brought those theories with them to America. When they became leaders in the labor movement in the United States and wrote for the Yiddish, Russian, and English-language radical press, they generally retained the secularized Russian cultural identity they had adopted in their homeland, together with their commitment to socialist theories. This group includes Abraham Cahan, longtime editor of *The Jewish Daily Forward* and one of the most influential Jews in America during the first half of this century; Morris Hillquit, a founding figure of the American socialist movement; Michael Zametkin and his wife, Adella Kean, both journalists and labor activists in the early decades of this century; and Chaim Zhitlovsky, one of the most important Yiddish writers in modern times. These immigrants were part of the generation of Jewish intellectuals that preceded the better-known New York Intellectuals of the late 1920s and 1930s--the group chronicled in Irving Howe's *World of Our Fathers*. In *To the Other Shore*, Steven Cassedy offers a broad, clear-eyed portrait of the early Jewish emigré intellectuals in America and the Russian cultural and political doctrines that inspired them. On a bleak Tuesday morning in February 1921, 48-year-old Katharine Armstrong died in her bedroom on the first floor of an imposing Edwardian villa overlooking the rolling hills of the isolated borderlands between Wales and England. Within fifteen months of such a sad domestic tragedy, her husband, Herbert Rowse Armstrong, would be arrested, tried and hanged for poisoning her with arsenic, the only solicitor ever to be executed in England. Armstrong's story was retold again and again, decade after decade, in a thousand newspaper articles across the world, and may have also inspired the new breed of popular detective writers seeking to create a cunning criminal at the centre of their thrillers. With all the ingredients of a classic murder mystery, the case is a near-perfect whodunnit. But who, in fact, did it? Was Armstrong really a

murderer? One hundred years after the execution, Agatha-Award shortlisted Stephen Bates examines and retells the story of the case, evoking the period and atmosphere of the early 1920s, and questioning the fatal judgement.
