From the author of the Man Booker shortlisted *The Quickening Maze*, a brilliant, touching and funny story about an extraordinary friendship. 'A novel bursting with incident, humour, humanity and literary promise' *Sunday Times* Saul Dawson-Smith is ten years old. He can memorise the sequence of a shuffled deck of cards in under a minute and is in training for the World Memory Championships. Howard McNamee is twenty-eight: lonely, overweight, poorly educated, and on the run from his memories of a murky Glaswegian childhood. As Howard navigates a bewildering new life in London - including accidentally acquiring a Russian fiancée - he is taken under the wing of Saul's parents, and forms an unlikely friendship with the solitary boy. But as pressure mounts before the Championship, Howard realises he must act to save his small friend from a life

of unbearable expectation. And so, he and Saul head out on the strangest road trip of all time - one that will turn both their lives upside down. *Strange Times* compiles ten short stories of fantasy, science-fiction and wonder, ranging from the darkly comical *Eight Over Four*, set in a world which is overpopulated with giant human-sized spiders; to the altogether more thought-provoking *Outlawry*, where radical new laws result in a dystopian hotbed of opportunism, for the punishment for crime is now crime itself. Also included are two previously unpublished stories exclusive to this collection: *Give Us Your Smile*, which describes a surreal situation where smiling becomes mandatory, and *Don't Touch That Dial*. *Strange Times* also features *The Rings of Yesteryear* and *The Pause*, two stories set in the expanded universe of the author's epic time-travelling adventure, *Tomorrow Is Another Year*. In times as strange as these, this is a collection not to be missed! What could be better than curling up in front of the fireplace on a chilly fall or winter evening with a good, classic Gothic novel? The fire radiating warmth and peace and the book pages emanating an eerie chill. What better experience for a bibliophile than to delve into this collection of gothic literature? It will take a long time to read through all the atmospheric novels included in this collection. You will have plenty of time to consider and appreciate your own life and surroundings - far from the horrors of these novels! Contents:

LIKE THE FEMALE SCIENTISTS PORTRAYED IN *HIDDEN FIGURES*, MARY SHERMAN MORGAN WAS ANOTHER UNSUNG HEROINE OF THE SPACE AGE—NOW HER STORY IS FINALLY TOLD. This is the extraordinary

true story of America's first female rocket scientist. Told by her son, it describes Mary Sherman Morgan's crucial contribution to launching America's first satellite and the author's labyrinthine journey to uncover his mother's lost legacy--one buried deep under a lifetime of secrets political, technological, and personal. In 1938, a young German rocket enthusiast named Wernher von Braun had dreams of building a rocket that could fly him to the moon. In Ray, North Dakota, a young farm girl named Mary Sherman was attending high school. In an age when girls rarely dreamed of a career in science, Mary wanted to be a chemist. A decade later the dreams of these two disparate individuals would coalesce in ways neither could have imagined. World War II and the Cold War space race with the Russians changed the fates of both von Braun and Mary Sherman Morgan. When von Braun and other top engineers could not find a solution to the repeated failures that plagued the nascent US rocket program, North American Aviation, where Sherman Morgan then worked, was given the challenge. Recognizing her talent for chemistry, company management turned the assignment over to young Mary. In the end, America succeeded in launching rockets into space, but only because of the joint efforts of the brilliant farm girl from North Dakota and the famous German scientist. While von Braun went on to become a high-profile figure in NASA's manned space flight, Mary Sherman Morgan and her contributions fell into obscurity--until now. Everyone dies. It's the morbid curiosity of when and how that makes horror so enticing. Once Upon a Dead Gull is a combined work of short stories and flash fiction. Reviews from the Beta Group: "I count myself lucky to have been included in the small group of beta readers who got a sneak peek at these shorts before the rest of the world. Not in any particular order: Ms. Hill presents a compilation of two flash fiction thrillers with Scary Man Bridge and Telephone Frenzy. The first being a 1000 word (she may have cut it to 999) exposé of a middle aged man who delights in playfully frightening little girls until confronted with his own fable. The latter is a 500 word masterpiece for word count equaling a complete and riveting story of a woman pushed over the edge by a pre-recorded telephone solicitation. Roses From Ishmael is a short tale that begins with a blue collar worker buying flowers and beer on his way home after an apparent spat and concludes with. Oops, don't want to spoil it. Just know it is deliciously twisted. Odd Man Out is an emotional short told

in first person by a young woman/girl with a morbid fondness for cemeteries. Lastly this little book concludes with a poem titled Would You Know Me. One does not have to be a lover of poetry to appreciate the story told in quirky limerick. Best wishes Ms. Hill, I suspect you and Joe will have an international hit on your hands." L.B January WINNER - IBA Crime Fiction Book of the Year 2014 By the author of the Sunday Times Top 10 bestseller and Richard and Judy Book Club pick, Lying in Wait 'Truly excellent, beautifully written ... strongly recommended' Sophie Hannah 'Compelling, clever and dark, unlike any other psychological thriller you will have read before ... you'll gobble it up in one go.' Heat Magazine 'Incredibly brilliant' Marian Keyes 'Gone Girl meets The Spinning Heart ... a great cracking read ... I couldn't put it down' Ryan Tubridy, RTÉ 'The compulsion to continue reading never wanes and most impressively the ending doesn't buckle under the weight of expectation ... a persistently satisfying read' Sunday Times 'A page-turning, one-sitting read from a brand new master of psychological suspense' Sunday Independent 'An ambitiously structured and compelling "whydunnit"' Daily Mail 'Formidable' Irish Times 'Reminiscent of The Book of Evidence' RTE Guide 'We read this in one sitting ... satisfyingly unnerving.' Woman's Way 'All I know is I stayed awake until 3am to finish it, which I haven't done with a new novel for longer than I can remember.' Irish Independent 'The best opening line you'll read all year ... and you'll keep reading' Sinead Crowley, RTE Arts Correspondent 'Her writing is stylish, the characters are vivid and the line of the story is all too real and plausible. Can't recommend it highly enough.' Rick O'Shea, 2FM 'A superb and compelling terrifying book' Sinead Desmond, TV3 'Just read a book in one sitting. Last time I managed that was about twenty years ago. The book was Liz Nugent's Unravelling Oliver' Declan Burke, CrimeAlwaysPays.ie 'A kind of Irish Mr Ripley ... Gripping, thought-provoking' Darragh McManus, arts journalist 'I read this book over a 24 hour period. I seriously could not put it down.' Writing.ie 'Magnificent ... compulsively readable ... stunning, shock and superb' Frank McGuinness 'I expected more of a reaction the first time I hit her.' Liz Nugent's gripping novel of psychological suspense, Unravelling Oliver, is a complex and elegant study of the making of a sociopath in the tradition of Barbara Vine and Patricia Highsmith. Oliver Ryan is a handsome and charismatic success story. He lives in the suburbs with his

wife, Alice, who illustrates his award-winning children's books and gives him her unstinting devotion. Their life together is one of enviable privilege and ease - enviable until, one evening after supper, Oliver attacks Alice and beats her into a coma. In the aftermath, as everyone tries to make sense of his astonishing act of savagery, Oliver tells his story. So do those whose paths he has crossed over five decades. What unfolds is a story of shame, envy, breath-taking deception and masterful manipulation. Only Oliver knows the lengths to which he has had to go to get the life to which he felt entitled. But even he is in for a shock when the past catches up with him. Liz Nugent has worked in Irish film, theatre and television for most of her adult life. She is an award-winning writer of radio and television drama and has written short stories for children and adults. Unravelling Oliver is her first novel. Her second novel, *Lying in Wait*, won her a second IBA and was both a Sunday Times Top 10 bestseller and a Richard and Judy Book Club pick. With the conclusion of the Civil War, the beginnings of Reconstruction, and the realities of emancipation, former slaves were confronted with the possibility of freedom and, with it, a new way of life. In *The Times Were Strange and Stirring*, Reginald F. Hildebrand examines the role of the Methodist Church in the process of emancipation—and in shaping a new world at a unique moment in American, African American, and Methodist history. Hildebrand explores the ideas and ideals of missionaries from several branches of Methodism—the African Methodist Episcopal Church, the Colored Methodist Episcopal Church, and the northern-based Methodist Episcopal Church—and the significant and highly charged battle waged between them over the challenge and meaning of freedom. He traces the various strategies and goals pursued by these competing visions and develops a typology of some of the ways in which emancipation was approached and understood. Focusing on individual church leaders such as Lucius H. Holsey, Richard Harvey Cain, and Gilbert Haven, and with the benefit of extensive research in church archives and newspapers, Hildebrand tells the dramatic and sometimes moving story of how missionaries labored to organize their denominations in the black South, and of how they were overwhelmed at times by the struggles of freedom. A shadow moved in the doorway of the building. It was a boy. As he hesitated, someone must have pushed him from behind. He stumbled down the short stairway and fell heavily to his knees. He

couldn't break his fall, Hector realized, because his arms were tied behind him. A mysterious talisman transports a boy back to ancient Italy. No one ever listens to Hector. He wanted to hang out with his friends this summer, but instead he's stuck in Italy at an archaeological dig with his mom. The ancient Etruscan artifacts are interesting, but no one has time for him. Then he makes a discovery of his own—a strange, unsettling stone that looks like an eye. The stone brings nightmares about Arath, an Etruscan boy who died thousands of years ago but now begs for Hector's help. Are these just dreams, or is Arath really in danger? As Hector unearths the truth, he realizes that he can make himself heard when it counts.

"In these pointed and wide-ranging essays, Wendy Willis explores everything from personal resistance to the rise of political podcasts, civic loneliness to the exploitation of personal data, public outrage to the opioid crisis—all with a poet's gift for finding the sacred in the mundane, a hope in the dark. One of the country's sharpest observers of politics, art, and the American spirit, Willis returns often to the demanding question posed by Czech writer, activist, and politician Vaclav Havel: What does it mean to live in truth? Her view is honed by her place as a poet, as a mother, and, when necessary, as an activist. Together, the essays in *These Are Strange Times, My Dear* work within that largely unmapped place where the heartbreaks and uncertainties of one's inner life brush up against the cruelties and responsibilities of politics and government and our daily lives." When Arcade Publishing originally contracted this extraordinary collection of poetry and literature, the Department of the Treasury was attempting to censor the publication of works from countries on America's "enemies list." Arcade, along with the PEN American Center, the Association of American Publishers Professional and Scholarly Publishing Division, and the Association of American University Presses, filed a lawsuit in federal court against the United States government. Their landmark case forced the Office of Foreign Assets Control to change their regulations regarding editing and publishing literature in translation, and Arcade is proud to reissue this anthology that showcases the developments in Iranian literature over the past quarter-century. Since the Iranian revolution of 1979, the United States has been virtually cut off from that country's culture. Despite severe difficulties imposed by social, political, and economic upheavals, as well as

war, repression, and censorship, a veritable cultural renewal has taken place in Iran over the past quarter-century, not only in literature, but in music, art, and cinema. Over forty writers from three generations contributed to this rich and varied collection—or, to use the Persian term, *golchine*, a bouquet—one that provides a much-needed window into a largely undiscovered branch of world literature. In the wake of the Green Revolution and sweeping changes in the region, this particular *golchine* is more relevant than ever, and will bring literary enjoyment as well as a fuller understanding of a complex and ever-shifting culture. *Strange Times* is the sequel to *Variation Seven*, the book that began *The Traveler Series*. Travelers are the men and women who possess timebands -- cybernetic devices that allow the wearer to travel in time and change history. There are only twelve timebands and twelve Travelers, and those individuals have divided themselves into two rival factions, each with a different view of what the destiny of mankind should be. One group is attempting to steer humanity toward a bright future where it colonizes the stars, and the other is determined to work toward the extinction of the human race before it can infest the galaxy like spreading plague. Ruthie Terwilliger is now happily married to her teammate Miles, but on a battlefield in Pennsylvania, Miles is shot and seriously wounded. Ruthie must find help to save her husband's life, and help comes from a most unexpected source -- a mysterious woman in white, someone who can apparently travel in time without the use of a timeband. A rich, poignant eBook original about two people's struggles to overcome their demons and find happiness and love. All Niki Katona wants in life is true love with a good man. But when she finds her fiancé with another woman, she's ready to resign herself to a life alone...until she meets paramedic Dylan Clarke. Niki falls for Dylan when she sees him jump into life-saving action to treat a man having a heart attack. But both Dylan and Niki have their own demons. Together, they work towards realizing their dreams and passions, but soon fall into old patterns. The only thing that will pull them through is finding their own self-worth through their love for each other. From the imagination of blink-182's award-winning author Tom DeLonge, the *Strange Times* crew first debuted in the graphic novel *Strange Times: The Curse of Superstition Mountain*. Now teamed-up with Geoff Herbach, also an award-winning author of the *Felton Reinstein Trilogy*, DeLonge tells the hilarious and

haunting adventure that originally forced five outcast jerks to band together or give up the ghost. Charlie Wilkins has it all. Pitcher on the baseball team, point guard on the basketball team, good jock friends and girls who just love him. Then his U.S. Air Force dad goes M.I.A. during a secret mission and Charlie falls into darkness. He quits basketball, pushes away his old friends who all seem so stupid. He stops talking. Nobody knows what he's going through, because the government has forbidden the family from disclosing Dad's predicament. Charlie turns into a loner, until an Earth Science assignment forces him to join a new, messed-up team. Wiz has a brain for science, a love for steampunk, and a total disgust for most human beings. Heavy-set, picked-on Riley has a home life Harry Potter wouldn't trade for. Mouse and Mattheson are skateboard slackers with a keen interest in tacos and in building a model volcano that looks like a butt. With zero chemistry between them, Charlie can't see how he's going to pass this class. Will he be stuck, suffering, in eighth grade forever? The earth shifts. It seems impossible. A ghost girl reaches out to Charlie through the terrified skater boys. She's being stalked by a vengeful spirit that shares a past with Charlie's family. It soon becomes clear that the spirit is coming for him. He has to save the ghost girl and save himself. His only hope? The nerd Wiz, the loser Riley, the skaters Mouse and Mattheson who want to hook-up with the girl. But, seriously, she's a ghost. Strange Times indeed... In the wake of devastating tragedy, Charlotte MacLeod has come home to Strathaird Castle on Scotland's ethereal Isle of Skye. But he is a man torn between his duties at the helm of an empire and his growing desire to return to the land of his forefathers. And his arrival ignites a string of dramatic events that will change their lives. For the secrets that have haunted Strathaird Castle will suddenly catapult Charlotte into a glorious new destiny in which she is finally free to love.
