

photos, illustrations, and shorter comic samples. Within Childhood Research starkly different theoretical and empirical concerns characterize the global south-north divide. Hia Sen attempts to bridge the gap in Childhood Research which usually addresses childhoods differently according to their 'developing/developed', 'western/non-western' contexts, and finds its middle ground in the context of the urban middle classes in contemporary West Bengal. The author documents areas such as leisure practices and everyday lives of school children in India for three cohorts, where it is possible to have a comparative perspective of childhoods given the existing rich ethnographic and historical research on childhoods in other cultural contexts. “

Detective duo with mysterious powers will soon be starving unless they get a client soon! This highly informative and carefully presented book focuses on the fields of ergonomics/human factors and discusses the future of the community vis-a-vis health problems, productivity, aging, etc. Ergonomic intercession must be seen in light of its effect on productivity because ergonomic solutions will improve productivity as the reduction of environmental stressors, awkward postures and efforts lead to a reduction in task execution time. The book provides promising evidence that the field of ergonomics continues to thrive and develop deeper insights into how work environments, products and systems

□□□□□□□□□□□□□□□□□□ □□□□□□! □□□□□□□□□□ To get better acquainted--and, in some cases, reacquainted--with each other, the residents of Ayakashi Hall spend the last weeks of summer break at a seaside vacation spot. Between beach basking and tests of courage, Ririchiyo slowly warms to her new cohorts, but the one resident who never seems to betray his emotions is Miketsukami--and the group is determined to fix that! Will her efforts to unmask Soushi expose the truth of who he is--that is, who he is not? Awesome adventures inspired by the best-selling Pokémon X and Y video games! All your favorite Pokémon game characters jump out of the screen into the pages of this action-packed manga! La suite des aventures de Nobita, le jeune garçon gaffeur et maladroit, et de son chat-robot venu du futur : Doraemon. With our lives firmly controlled by the steady pace of time, humans have yearned for ways to escape its constraints, and authors have responded with narratives about traveling far into the past or future, reversing the flow of time, or creating alternate universes. This book considers how imaginative works involving time travel reflect ongoing scientific concerns and examine the human condition. The scope of the volume is unusually wide, covering such topics as Dante, the major novels of the 19th century, and stories and films of the 1990s. The book concludes with a lengthy bibliography of short stories and novels, films and television programs, and nonfiction works that feature time travel or speculations about time. This collection of scholarly papers examines the influence of Japanese dominance on the politics, economies, and cultures of Southeast Asia. A major question probed is whether Japan has now attained, through economic power, the predominance it once sought through military means. Japan's hegemonic system is not the first to work over the area--before it were those from China, from Britain, from the United States. This collection's comparative perspective acknowledges the distinctiveness of Asian regionalism and Japan's changing role with it. As the subtitle of this book indicates, it is concerned

with Japan and Asia and not with Japan in Asia, thus suggesting a complex and at the same time problematical regional identity for Japan. Each year, the elite Hope's Peak Academy selects only the most gifted and talented students to enroll...plus one ordinary student, chosen by lottery. Makoto Naegi was that lucky person--or so he thought! When he shows up for class, he finds the elite students are a bizarre cast of oddballs under the ruthless authority of a robot teddy bear principal, Monokuma. The bear lays down the school rules: the only way out of Hope's Peak is to not only murder another student...but get away with it, as every murder is followed by a tribunal where the surviving students cross-examine each other! Inspired by the Danganronpa videogame series and based on the anime of the same name, the Danganropa manga is a quirky, fun, weird, and dynamic take on the high school Battle Royale genre.

East Asian Screen Industries is a guide to the film industries of Japan, South Korea, Taiwan, Hong Kong and the PRC. The authors examine how local production has responded to global trends and explore the effects of widespread de-regulation and China's accession to the World Trade Organisation.

In einer zerstörten Welt voller Gefahren kämpfen drei verfeindete Stämme ums Überleben. Die junge Mondfrau Mari ist auserwählt, sie zu retten, doch überall lauert Verrat. Mari, Nik und ihr neues Rudel werden gejagt. Thaddeus und der Gott des Todes geben nicht auf, bevor sie vernichtet sind. Mari und Nik haben ein Ziel: die Ebenen der Wind Riders zu erreichen. Mit ihnen gemeinsam wollen sie Thaddeus daran hindern, alles zu zerstören, was Mari

und Nik lieb ist. Doch werden die geheimnisvollen Wind Riders das Rudel akzeptieren, oder müssen sie weiter fliehen, um ihr Leben zu retten? The last decade has seen dramatic advances in artificial intelligence and robotics technology, raising tough questions that need to be addressed. The Robot Will See You Now considers how Christians can respond to these issues - and flourish - in the years ahead. Contributions from a number of international experts, including editors John Wyatt and Stephen Williams, explore a range of social and ethical issues raised by recent advances in AI and robotics. Considering the role of artificial intelligence in areas such as medicine, employment and security, the book looks at how AI is perceived as well as its actual impact on human interactions and relationships. Alongside are theological responses from an orthodox Christian perspective. Looking at how artificial intelligence and robotics may be considered in the light of Christian doctrine, The Robot Will See You Now offers a measured, thoughtful view on how Christians can understand and prepare for the challenges posted by the development of AI. This is a book for anyone who is interested in learning more about how AI and robots have advanced in recent years, and anyone who has wondered how Christian teaching relates to artificial intelligence. Whatever your level of technical knowledge, The Robot Will See You Now will give you a thorough understanding of AI and equip you to respond to the challenges it poses with confidence and faith.

Nina Sakura isn't exactly your typical teenage girl. She's actually a transfer student from a witch school in another dimension. Now living in Japan, Nina is hoping to improve her GPA, make some new friends and spin a few love spells for her unsuspecting new classmates. Shy Ayu Tateishi has just made a new friend at school. But this new friend, much to her surprise, is no ordinary classmate. Nina Sakura may look like a normal middle school girl, but she's got a big secret. She's a witch. Or, rather, she's studying to be a witch. And, apparently, she's not doing her homework. Her spells are

devastating in their ineffectiveness and often result in the most embarrassing situations for poor Ayu. But things wouldn't be so bad if Nina's sorcery didn't make Ayu look silly in front of the one boy she secretly adores. All she wants is a simple love potion. What she gets, however, is a new best friend who almost flunked out of witch school! A Poetry Anthology by poets of India.
