Reclaiming feminism Jun 28 2020 Since second-wave feminism of the 1970s, women's rights and opportunities in education and employment have increased across the globe, but has equality, whether social, political or legal, really been achieved? In this fascinating book, Miriam E. David, a well-known and influential feminist in higher education, celebrates the achievements of international feminists as activists and scholars. She provides a critique of the expansion of global higher education masking their pioneering zeal and zest for knowledge. Looking at the changing zeitgeist, David contends that feminism has yet to have an enduring influence, despite how generations of women have felt empowered. She illustrates the power of patriarchal social relations and how everyday sexism or misogyny is keenly felt. This impassioned book asks whether a feminist-friendly future is possible, or indeed, desirable.

Russian Culture in the Age of Globalization May 28 2020 This book brings together scholars from across a variety of disciplines who use different methodologies to interrogate the changing nature of Russian culture in the twenty-first century. The book considers a wide range of cultural forms that have been instrumental in globalizing Russia. These include literature, art, music, film, media, the internet, sport, urban spaces, and the Russian language. The book pays special attention to the processes by which cultural producers negotiate between Russian government and global cultural capital. It focuses on the issues of canon, identity, soft power and cultural exchange. The book provides a conceptual framework for analyzing Russia as a transnational entity and its contemporary culture in the globalized world.

The European Union and Deprivation of Liberty Jun 21 2022 The European Union and Deprivation of Liberty examines the EU legislative and judicial approach to deprivation of liberty from the perspective of the following fundamental rights and principles: the principle of legality and proportionality of penalties; the right to liberty; and the principle that criminal penalties must aim for the social reintegration of the offenders. The book measures the relevant EU law against those rights; this constitutes the very core of the relationship between public powers and individual liberty. The analysis shows that the ultimate goal of the Union is the creation and preservation of the EU as a borderless area. The holistic approach adopted in the book explains how different legal phenomena connected to deprivation of liberty have come into being in EU law. It also shows that those phenomena call for solutions suitable for the peculiarities of the EU legal order.

Rhetorical Criticism Feb 05 2021 Helping students learn how to perform rhetorical criticism, this book stresses criticism as an art and as a means to engage in critical thinking. The chapters and sample essays are written by noted experts and geared towards student accessibility. The third edition includes new chapters on visual rhetoric and digital rhetoric.

Contentious Politics in Brazil and China Oct 01 2020 Contentious Politics in Brazil and China: Beyond Regime is a highly accessible and compelling examination of two fast-emerging countries in the global arena. It is not common to see Brazil and China examined side-by-side, but authors December Green and Laura Luehrmann show the utility of this unorthodox comparison: By moving beyond region and regime, this book offers a thought-provoking analysis of two very different countries dealing with many concerns and problems in surprisingly similar ways. With a focus on current issues, Contentious Politics in Brazil and China covers migration, urbanization, criminality, the environment, sexual politics and HIV-AIDS response, foreign policy, and international relations. This text not only illuminates each country's realities more clearly than traditional regional or regime-type comparisons can, but it offers unexpected insights into the study of state-society relations.

Written Corrective Feedback: The Role of Learner Engagement Mar 26 2020 The book provides new insights into written corrective feedback by describing students' expectations as well as mediating factors that influence their engagement with it. The book draws on an extensive dataset to illustrate secondary school students' behavioural, cognitive and emotional engagement with written corrective feedback and the extent to which mediating factors, such as teachers, peers, feedback options, attitudes and emotions, foster or hinder it. It shows why teachers need to provide students with the purpose of the corrective feedback they provide, explain how such feedback works and introduce strategies that can be employed to engage with it. Based on the finding that a combination of several feedback types is essential to ensure learner engagement, the book also provides an extensive description and multiple authentic examples of the Engagement-Feedback-Mediator Model that was developed in the context of this study.

Gendered Ways of Transnational Un-Belonging from a Comparative Literature Perspective May 20 2022 As the outcome of an international conference held at Jawaharlal Nehru University, India, this book provides a collection of productive texts on, and novel critical approaches to, comparative literature for young scholars. The wide range of analytical approaches employed here allow for the opening up of texts to new readings. The contributions here encompass readings of cinema, advertisements and literary representations, such as novels, poems and short stories, and are pertinent for scholars in media studies, cultural studies, gender studies, sociology and literature. As a commentary on contemporary representations of gender, the book is also relevant for all higher education institutions which seek to heighten gender sensitivity.

Black Woman Monologues Sep 19 2019 Black Woman Monologues is a collection of poems, monologues, and songs written by Vanessa Morgan. Black women are integral beings oftentimes holding down multiple titles to get through their sometimes complicated lives. Vanessa speaks to the black woman's beauty, courage, struggles, and her ability to overcome obstacles in her life while never giving up or giving in, through fictitious examples of strength and endurance. Vanessa also speaks to their love, joy, and pain and how these emotions allow growth and freedom. Black Woman Monologues is a book for everyone.

Confident Pluralism Apr 07 2021 In the three years since Donald Trump first announced his plans to run for president, the United States seems to become more dramatically polarized and divided with each passing month. There are seemingly irresolvable differences in the beliefs, values, and identities of citizens across the country that too often play out in our legal system in clashes on a range of topics such as the tensions between law enforcement and minority communities. How can we possibly argue for civic aspirations like tolerance, humility, and patience in our current moment? In *Confident Pluralism*, John D. Inazu analyzes the current state of the country, orients the contemporary United States within its broader history, and explores the ways that Americans can—and must—strive to live together peaceably despite our deeply engrained differences. Pluralism is one of the founding creeds of the United States—yet America's society and legal system continues to face deep, unsolved structural problems in dealing with differing cultural anxieties and differing viewpoints. Inazu not only argues that it is possible to cohabitate peacefully in this country, but also lays out realistic guidelines for our society and legal system to achieve the new American dream through civic practices that value toleration over protest, humility over defensiveness, and persuasion over coercion. With a new preface that addresses the election of Donald Trump, the decline in civic discourse after the election, the Nazi march in Charlottesville, and more, this new edition of *Confident Pluralism* is an essential clarion call during one of the most troubled times in US history. Inazu argues for institutions that can work to bring people together as well as political institutions that will defend the unprotected. *Confident Pluralism* offers a refreshing argument for how the legal system can protect peoples' personal beliefs and differences and provides a path forward to a healthier future of tolerance, humility, and patience.

The EU Charter of Fundamental Rights in the Member States Jul 22 2022 Ten years after the Charter of Fundamental Rights of the European Union became part of binding primary law, and twenty years since its adoption, this volume assesses the application of the EU Charter in the Member States. How often, and in particular by which actors, is the EU Charter invoked at the national level? In what type of situations is it used? Has the approach of national courts in general, and of constitutional courts in particular, to EU law to EU fundamental rights law changed following the entry into force of the Charter? What sort of interplay does the Charter generate with the national bill of rights and the European Convention? Is the life with the Charter on the national level a harmonious 'praktische Konkordanz' or rather a messy 'ménage à trois'? These and other questions are discussed in the four parts that form the book. Part I is dedicated to the normative foundations. Part II sets out Member States' Perspectives, providing a structured, in-depth account of the Charter's operation in 16 different Member States. Part III provides a detailed evaluation of selected rights contained within the Charter. Part IV synthesises the materials presented up to that point to develop a series of broader perspectives, looking to discover underlying lessons about the relationship between EU fundamental rights law and national legal systems.

The Contemporary American Monologue Apr 26 2020 Talk-show confessions, online rants, stand-up routines, inspirational speeches, banal reflections and calls to arms: we live in an age of solo voices demanding to be heard. In *The Contemporary American Monologue* Eddie Paterson looks at the pioneering work of US artists Spalding Gray, Laurie Anderson, Anna Deavere Smith and Karen Finley, and the development of solo performance in the US as a method of cultural and political critique. Ironic confession, post-punk poetry, investigations of race and violence, and subversive polemic, this book reveals the link between the rise of radical monologue in the late 20th century and history of speechmaking, politics, civil rights, individual freedom and the American Dream in the United States. It shows how US artists are speaking back to the cultural, political and economic forces that shape the world. Eddie Paterson traces the importance of the monologue in Shakespeare, Brecht, Beckett, Chekov, Pinter, O'Neill and Williams, before offering a comprehensive analysis of several of the most influential and innovative American practitioners of monologue performance. *The Contemporary American Monologue* constitutes the first book-length account of US monologists that links the tradition of oratory and speechmaking in the colony to the appearance of solo performance as a distinctly American phenomenon.

Nevertheless, They Persisted Jan 24 2020 2017 opened with a new presidency in the United States sparking women's marches across the globe. One thing was clear: feminism and feminist causes are not dead or in decline in the United States. Needed then are studies that capture the complexity of U.S. feminism. *Nevertheless, They Persisted* is an edited collection composed of empirical studies of the U.S. women's movement, pushing the feminist dialogue beyond literary analysis and personal reflection by using sociological and historical data. This new collection features discussions of digital and social media, gender identity, the reinvigorated anti-rape climate, while focusing on issues of diversity, inclusion, and unacknowledged privilege in the movement.

The Transformation of Economic Law Apr 19 2022 This book is written in honour of Hans-W. Micklitz for his jubilee 70th birthday and the closure of his twelve-year term as the Chair for Economic Law at the European University Institute (EUI). Hans-W. Micklitz has gained international recognition for dedicating his extensive and fruitful career to diverse areas of law: European Economic Law, European Private Law, National and European Consumer Law, Legal Theory, theories of Private Law and Social Justice. This book is a product of the collaborative endeavors of its contributors, who all have a special connection with Hans W. Micklitz as his doctoral supervisees or research assistants. The collection of twenty chapters is to be read as the influence of Hans's dialogues in the early stage of the academic career of thirty-one young legal scholars. The volume is divided into three sections devoted to subjects that have received Hans's attention while at the EUI: EU Consumer Law (part I); European Private Law and Access Justice (part II); the CJEU between the individual citizen and the Member States (part III).

EMU Integration and Member States' Constitutions Aug 23 2022 In this book, legal scholars from the EU Member States (with the addition of the UK) analyse the development of the EU Member States' attitudes to economic, fiscal, and monetary integration since the Treaty of Maastricht. The Eurozone crisis corroborated the warnings of economists that weak economic policy coordination and loose fiscal oversight would be insufficient to stabilise the monetary union. The country studies in this book investigate the legal, and in particular the constitutional, pre-conditions for deeper fiscal and monetary integration that influenced the past and might impact on the future positions in the (now) 27 EU Member States. The individual country studies address the following issues: - Main characteristics of the national constitutional system, and constitutional culture; - Constitutional foundations of Economic and Monetary Union (EMU) membership and related instruments; - Constitutional obstacles to EMU integration; - Constitutional rules and/or practice on implementing EMU-related law; and - The resulting relationship between EMU-related law and national law Offering a comprehensive and detailed assessment of the legal and constitutional developments concerning the Economic and Monetary Union since the Treaty of Maastricht, this book provides not only a study of legal EMU-related measures and reforms at the EU level, but most importantly sheds light on their perception in the EU Member States.

Democratic Dialogue and the Constitution Oct 21 2019 Constitutions divide into those that provide for a constitutionally protected set of rights, where courts can strike down legislation, and those where rights are protected predominantly by parliament, where courts can interpret legislation to protect rights, but cannot strike down legislation. The UK's Human Rights Act 1998 is regarded as an example of a commonwealth model of rights protections. It is justified as a new form of protection of rights which promotes dialogue between the legislature and the courts - dialogue being seen not just as a better means of protecting rights, but as a new form of constitutionalism occupying a middle ground between legal and political constitutionalism. This book argues that there is no clear middle ground for dialogue to occupy, with most theories of legal and political constitutionalism combining legal and political protections, as well as providing an account of interactions between the legislature and the judiciary. Nevertheless, dialogue has a role to play. It differs from legal and political constitutionalism in terms of the assumptions on which it is based and the questions it asks. It focuses on analysing mechanisms of inter-institutional interactions, and assessing when these interactions can provide a better protection of rights, facilitate deliberation, engage citizens and act as an effective check and balance between institutions of the constitution. This book evaluates dialogue in the UK constitution, assessing the protection of human rights through the Human Rights Act 1998, the common law and EU law. It also evaluates court-court dialogue between the UK court and the European Court of Justice and the European Court of Human Rights. The conclusion evaluates the implications of the proposed British Bill of Rights and the referendum decision to leave the European Union.

Wine Monologue Jul 10 2021 Wine Monologue By: Minha Kim There is little doubt that today's world, laden with intense competition and a lack of human decency, is leaving a scar on our collective minds. With a glass of wine in hand, allowing the stressors of the world to fade away, Dr. Minha Kim was inspired to explore humanity, using wine varieties from around the world as her catalyst. Through her unique style of monologue, Dr. Kim dives into the concepts of beauty, love, creativity, nature, and much more while making insightful comparisons between Western and East Asian cultures. Formerly released in South Korea and China, Dr. Kim's thoughtful perspectives on mankind—personally, interpersonally, and as a society—will stimulate readers around the world to reflect on their own lives and the path they are traveling and motivate them to make meaningful change.

Quantifying Software Nov 14 2021 Software is one of the most important products in human history and is widely used by all industries and all countries. It is also one of the most expensive and labor-intensive products in human history. Software also has very poor quality that has caused many major disasters and wasted many millions of dollars. Software is also the target of frequent and increasingly serious cyber-attacks. Among the reasons for these software problems is a chronic lack of reliable quantified data. This reference provides quantified data from many countries and many industries based on about 26,000 projects developed using a variety of methodologies and team experience levels. The data has been gathered between 1970 and 2017, so interesting historical trends are available. Since current average software productivity and quality results are suboptimal, this book focuses on "best in class" results and shows not only quantified quality and productivity data from best-in-class organizations, but also the technology stacks used to achieve best-in-class results. The overall goal of this book is to encourage the adoption of best-in-class software metrics and best-in-class technology stacks. It does so by providing current data on average software schedules, effort, costs, and quality for several industries and countries. Because productivity and quality vary by technology and size, the book presents quantitative results for applications between 100 function points and 100,000 function points. It shows quality results using defect potential and DRE metrics because the number one cost driver for software is finding and fixing bugs. The book presents data on cost of quality for software projects and discusses technical debt, but that metric is not standardized. Finally, the book includes some data on three years of software maintenance and enhancements as well as some data on total cost of ownership.

Collaboration Technologies and Social Computing Dec 03 2020 This book constitutes the proceedings of the 26th International Conference on Collaboration Technologies and Social Computing, CollabTech 2020. The conference was scheduled to take place in Tartu, Estonia, in September 2020. It was held virtually due to the COVID-19 pandemic. The 10 full and 5 work-in-progress papers presented in this volume were carefully reviewed and selected from 25 submissions.

EU Criminal Law after Lisbon Mar 18 2022 This monograph is the first comprehensive analysis of the impact of the entry into force of the Treaty of Lisbon on EU criminal law. By focusing on key areas of criminal law and procedure, the book assesses the extent to which the entry into force of the Lisbon Treaty has transformed European criminal justice and evaluates the impact of post-Lisbon legislation on national criminal justice systems. The monograph examines the constitutionalisation of EU criminal law after Lisbon, by focusing on the impact of institutional and constitutional developments in the field including the influence of the EU Charter of Fundamental Rights on EU criminal law. The analysis covers aspects of criminal justice ranging from criminalisation to judicial co-operation to prosecution to the enforcement of sanctions. The book contains a detailed analysis and evaluation of the powers of the Union to harmonise substantive criminal law and the influence of European Union law on national substantive criminal law; of the evolution of the Europeanisation of prosecution from horizontal co-operation between national criminal justice to forms of vertical integration in the field of prosecution as embodied in the evolution of Eurojust and the establishment of a European Public Prosecutor's Office; of the operation of the principle of mutual recognition (by focusing in particular on the European Arrest Warrant System) and its impact on the relationship between mutual trust and fundamental rights; of EU legislation in the field on criminal procedure, including legislation on the rights of the defendant and the victim; of the relationship between EU criminal law and citizenship of the Union; and of the evolution of an EU model of preventive justice, as exemplified by the proliferation of measures on terrorist sanctions. Throughout the book, the questions of the UK participation in Europe's area of criminal justice and the feasibility of a Europe à-la-carte in EU criminal law are examined. The book concludes by highlighting the possibilities that the Lisbon Treaty opens for the development of a new paradigm of European criminal justice, which places the individual (and not the state), and the protection of fundamental rights (and not security) at its core.

Stimmenvielfalt im Monolog Oct 25 2022 Redewiedergabe ist in Form von direkter oder indirekter Rede in unserem Alltag omnipräsent, auch von wissenschaftlicher Seite kann

sie als umfassend beschrieben gelten. Die vorliegende Monographie stellt einerseits im deutschsprachigen Raum wenig rezipierte theoretische Modellierungen vor und nimmt andererseits Redewiedergabe speziell als Phänomen gesprochener Sprache in den Blick. Dabei werden prosodische, nonverbale und funktionale Charakteristika auf der Grundlage eines Korpus aus spanischen Stand-up-Acts, evangelikalen Predigten und wissenschaftlichen Vorträgen herausgearbeitet. Der Fokus auf das Spanische erlaubt es auch, bislang nur unzureichend untersuchte einzelsprachliche Besonderheiten wie die Verwendung von spanischen redenkennzeichnenden Verben und Zitatmarkern sowie die Markierung von Redewiedergabe auf prosodischer Ebene zu analysieren.

Politics and Public Space in Contemporary Argentine Poetry Jul 30 2020 This book addresses the connection between political themes and literary form in the most recent Argentine poetry. Ben Bollig uses the concepts of "lyric" and "state" as twin coordinates for both an assessment of how Argentinian poets have conceived a political role for their work and how poems come to speak to us about politics. Drawing on concepts from contemporary literary theory, this striking study combines textual analysis with historical research to shed light on the ways in which new modes of circulation help to shape poetry today.

Missed Opportunities Sep 12 2021 Missed Opportunities: Rethinking Catholic Tradition opens up a dialogue between the official teachings of the Roman Catholic Church and the challenges the contemporary world presents to that institutions tradition of moral doctrines. It grounds this dialogue on a re-examination of the foundational issues of church reform and the many ways that the church teaches. Then Missed Opportunities turns its attention to a sequence of complex issues. Resting his analysis upon research and a half-century's experience with the educational programs of the Roman Catholic Church, Gabriel Moran, a retired professor of educational philosophy, sets the groundwork and then examines a variety of connected issues, including birth and death, abortion, the natural world, suffering and pain, nonviolence, grief and mourning, issues of human sexuality, responsibility, environmentalism, and religious education. Missed Opportunities: Rethinking Catholic Tradition guides readers through the depths of the societal challenges facing the Roman Catholic Church. By looking carefully at the nature of Catholic tradition and reconsidering how to bring that tradition into conversation with contemporary issues, Missed Opportunities proposes a pathway for the church to follow to undergo an honest and thorough reform, to regain its credibility in the midst of a society grown dubious, and to speak to today's issues in a voice consonant with the best resources in the Catholic tradition.

Monologues from the Edge Dec 23 2019 Starting with an understanding that all actors are by nature unconventional, Monologues from the Edge presents performers with a wide range of monologues featuring characters who stand outside social norms and ideas of acceptability. Compiled by dramaturg Steve Marsh, this collection includes many contemporary monologues from plays he had the opportunity to review during his time on the nominating committee of the Drama Desk Awards in NYC. Marsh's sincere theatrical bliss comes from understanding and working with playwrights and their dramatic structures, and his definition of the "edge" and his choice of dramatic works is sure to inspire all actors who endeavor to understand all of the characters and their motivations completely.

The Principle of Mutual Trust in EU Criminal Law Jun 09 2021 This book develops a conceptual framework of the principle of mutual trust in EU criminal law. Mutual trust is a household term in the EU criminal law vocabulary and is widely regarded to be a prerequisite for a successful application of mutual recognition. But despite its importance, the parameters of the concept are not clear. The book demonstrates that mutual trust is multi-faceted: combining the elements essential to a successful EU criminal law, as part of the Area of Freedom, Security and Justice. The book approaches trust from multiple angles. First, a study of social science literature. Second, a meticulous assessment of mutual trust in EU criminal law. Third, a study of trust in US interstate criminal justice cooperation. Finally, the book identifies a comprehensive approach to tackle trust related difficulties in EU criminal law. This timely book will be of great interest to anyone looking to gain a full picture of this core principle in EU criminal law.

EU Criminal Law Aug 31 2020 This is the second edition of EU Criminal Law, which has become since its publication in 2009 a key point of reference in the field. The second edition is updated and substantially expanded, to take into account the significant growth of EU criminal law as a distinct legal field and the impact of the entry into force of the Lisbon Treaty on European integration in criminal matters. The book offers a holistic and in-depth analysis of the key elements of European integration in criminal matters, including EU powers and competence to criminalise, the evolution of judicial co-operation under the principles of mutual recognition and mutual trust, EU action in the field of criminal procedure including legislation on the rights of the defendant and the victim, the evolving role of European bodies and agencies (such as Europol, Eurojust and the European Public Prosecutor's Office) in European criminal law, and the development of EU-wide surveillance and data gathering and exchange mechanisms. Several chapters are devoted to the external dimension of EU action in criminal matters (including transatlantic counter-terrorism cooperation and the impact of Brexit on EU Criminal Law) Throughout the volume, the constitutional and fundamental rights implications of European integration in criminal matters are highlighted. Covering all the key principles of EU law, with clear explanation and rigorous analysis, this will give scholars, students, policy makers and legal practitioners interested in the subject a strong understanding of this fascinating but sometimes complex field.

Low-Fat Love Stories Feb 23 2020 "Low-Fat Love Stories is a collection of short stories and visual portraits based on interview research with women about a dissatisfying relationship with a romantic partner or relative, or their body image. The stories focus on settling in relationships, the gap between fantasies and realities, relationship patterns, divorce, abuse, childhood pain, spirituality, feeling like a fraud, growing older, and daily struggles looking in the mirror. Once upon a time and happily ever after take on new

meaning as the women's stories reveal the underside of fairytales and toxic popular culture. Written in the first-person with language taken directly from each woman's interview, the stories are raw, visceral, and inspirational. As a collection, the stories and art set you on an emotional rollercoaster and illustrate the different forms "low-fat love" may take, and the quest for self-worth in the context of popular culture that tells women they are never enough. The authors developed an original method of "textual visual snapshots" for this book. *Low-Fat Love Stories* can be used in a range of courses in art education, gender/women's studies, popular culture, psychology, relational communication, sociology and social work; or as an exemplar in research or qualitative methods, narrative inquiry, arts-based research or creative writing courses; or it can be read entirely for pleasure by individuals or in book clubs. "An important addition to the fields of gender and media studies that is certain to stimulate self-reflection and lively discussion." – Jean Kilbourne, Ed.D., author, feminist activist, and creator of the *Killing Us Softly: Advertising's Image of Women* film series "Breathtaking! The images are glorious – emotionally compelling – those eyes, the pain, the fragility; the stories are captivating." – Laurel Richardson, Ph.D., Professor Emeritus, The Ohio State University and Cooley Book Award winner "A powerful book that challenges the representations of women that dominate popular culture, offering alternative narratives and images grounded in women's real experiences." – Sut Jhally, Ph.D., University of Massachusetts at Amherst; Founder & Executive Director, Media Education Foundation "A wonderful model of the infinite possibilities for art as research. An inspirational affirmation of life for all people." – Shaun McNiff, University Professor, Lesley University and author of *Art as Research, Art Heals, and Imagination in Action* Patricia Leavy, Ph.D., is an award-winning independent sociologist and author. Victoria Scotti, Ph.D., is an art therapist and artist."

Benedict Cumberbatch: London and Hollywood May 08 2021 Benedict Cumberbatch's career is built to last. From his early success as a working actor through his dynamic trajectory to international star, Cumberbatch continues to be one of the best thespians of his generation. Those who know Cumberbatch primarily because of his award-winning star turn as Sherlock Holmes in the BBC's *Sherlock* know only a fraction of the actor's noteworthy professional history, including such critically acclaimed roles as, on television, *Hawking*, *Small Island*, *To the Ends of the Earth*, *Parade's End*, and *The Hollow Crown*; on stage, *Hedda Gabler*, *After the Dance*, *Frankenstein*, and *Hamlet*; on radio, *Cabin Pressure* and *Neverwhere*; and on film, *Atonement*, *War Horse*, *Star Trek: Into Darkness*, and *The Imitation Game*. Whether starring on television, stage, or radio in home base London or filming a Hollywood production, Benedict Cumberbatch continues to choose interesting roles that cement his A-list status. His career is not without occasional controversy, but, like those he admires most in London or Hollywood, he has become savvy about the entertainment industry. Benedict Cumberbatch is here to stay in the spotlight-to the delight of anyone who appreciates fine acting.

EU Law, Fundamental Rights and National Democracy Jan 16 2022 The orthodox view is that rights complement democracy. This book critically examines this view in the context of EU fundamental rights, specifically in situations where EU law requires member states to respect EU fundamental rights. It first sets out a legal theoretical account of how human rights can complement democracy. It argues that they can do so only if they are understood as both the conditions for the democratic process, and the outcome of such a democratic process. In light of this legal theoretical account of human rights, this book examines the demands which the Court of Justice of the EU (CJEU) imposes on the national orders in respect of EU fundamental rights. The conclusion reached is that the demands which EU fundamental rights impose on national legal orders entail a cost for the democratic legitimacy of those legal orders. Ultimately, accepting the demands of the CJEU in respect of EU fundamental rights may require the national legal order to abandon its commitment to protecting the human rights which are the foundation of the national legal order's very legitimacy.

Verbundidentität Oct 13 2021 Das Achtungsgebot der nationalen Identität ist ein zentraler Grundpfeiler der Europäischen Union als Verbund. Dabei kommt Artikel 4 Absatz 2 Satz 1 EUV eine Brückenfunktion zwischen den (Verfassungs-)Identitäten der Mitgliedstaaten und den Grundsätzen des Unionsrechts zu. Anita Schnettger zeigt auf, wie diese zu einem in sich kohärenten rechtsordnungsübergreifenden Konzept des nationalen Identitätsschutzes in Europa ausgebaut werden kann. Anschliessend stellt sie klare Wegweiser für die unionale und mitgliedstaatliche Rechtsetzung und -anwendung vor, die der integrationsfordernden Wirkung eines nationalen Identitätsschutzes in Europa den notwendigen Entfaltungsraum geben.
