[A History of Biblical Interpretation, Vol. 2](#) Aug 15 2021
History of Biblical Interpretation provides detailed and extensive studies of the interpretation of the Scriptures by Jewish and Christian writers throughout the ages. Written by internationally renowned scholars, this multivolume work comprehensively treats the many different methods of interpretation, the many important interpreters from various eras, and the many key issues that have surfaced repeatedly over the long course of biblical interpretation.--This second installment contains essays by fifteen noted scholars discussing major methods, movements, and interpreters in the Jewish and Christian communities from the beginning of the Middle Ages until the end of the sixteenth-century Reformation. The authors examine such themes as the variety of interpretive developments within Judaism during this period, the monumental work of Rashi and his followers, the achievements of the Carolingian era, and the later scholastic developments within the universities, beginning in the twelfth century.

A Catholic Interlinear Old Testament Polyglot Nov 29 2022 This is a Latin-English-Greek-Hebrew interlinear edition of the books of Tobit, Judith, Esther and I & II Maccabees. The text contains the Latin of the Clementine Vulgate, the English of the Douay-Rheims Translation, the Greek of the Septuagint, and the Hebrew of the Westminster Leningrad Codex.

God's Last Words May 24 2022 This wide-ranging book is an intellectual history of how informed readers read their Bibles over the past four hundred years, from the first translations in the sixteenth century to the emergence of fundamentalism in the twentieth century. In an astonishing display of erudition, David Katz recreates the response of readers from different eras by examining the horizon of expectations that provided the lens through which they read. In the Renaissance, says Katz, learned men rushed to apply the tools of textual analysis to the Testaments, fully confident that God's Word would open up and reveal shades of further truth. During the English Civil War, there was a symbiotic relationship between politics and religion, as the practical application of the biblical message was hammered out. Science - Newtonian and Darwinian, as well as the emerging disciplines of anthropology, archaeology, and geology - also had a great impact on how the Bible was received. The rise of the novel and the development of a concept of authorial copyright were other factors that altered readers' experience. Katz discusses all of these and more, concluding with the

growth of fundamentalism in America, which broug

Edwards the Exegete Dec 19 2021 Scholars have long
recognized that Jonathan Edwards loved the Bible, but
preoccupation with his roles in Western "public" life and
letters has eclipsed the significance of his biblical
exegesis. In *Edwards the Exegete*, Douglas A. Sweeney
fills this lacuna, exploring Edwards' exegesis and its
significance for Christian thought and intellectual
history. As Sweeney shows, throughout Edwards' life the
lion's share of his time was spent wrestling with the
words of holy writ. After reconstructing Edwards' lost
exegetical world and describing his place within it,
Sweeney summarizes his four main approaches to the
Bible-canonical, Christological, redemptive-historical,
and pedagogical-and analyzes his work on selected
biblical themes that illustrate these four approaches,
focusing on material emblematic of Edwards' larger
interests as a scholar. Sweeney compares Edwards' work
to that of his most frequent interlocutors and places it in
the context of the history of exegesis, challenging

commonly held notions about the state of Christianity in the age of the Enlightenment. Edwards the Exegete offers a novel guide to the theologian's exegetical work, clearing a path that other specialists are sure to follow. Sweeney's significant reassessment of Edwards' place in the Enlightenment makes a major contribution to Edwards studies, eighteenth-century studies, the history of exegesis, the theological interpretation of Scripture, and homiletics.

Parables of Enoch: A Paradigm Shift Mar 10 2021

Parables of Enoch: A Paradigm Shift is an interdisciplinary study of the state of the current debate surrounding the Parables of Enoch with regard to their dating as well as their Jewish character and their potential contribution to aspects of early Christian thought. The role of 1 Enoch in the context of Christian Origins is much discussed amongst Second Temple and New Testament scholars, with the former often attaching more importance to them than the latter. The contributors to the present volume stem from both areas, and together explore the relative significance of the Parables of Enoch. The important issues discussed include: the significance of the parables for a deeper understanding of Second Temple thought, Jesus' message, the development of the kerygma, and the traditions embodied and edited in canonical texts, especially the Gospels. The extremely impressive list of

contributors includes; Geza Vermes, Richard Bauckham, James Dunn, Larry Schiffman, James VanderKam, Francis Moloney and Loren Stuckenbruck.

The Library of Emmanuel College, Cambridge, 1584-1637 Jul 14 2021 The first early history of this library detailing the intellectual resources available to the many influential Emmanuel men of the period.

Text, Wort, Glaube Jan 20 2022 Die seit 1925 erscheinenden Arbeiten zur Kirchengeschichte bilden eine der traditionsreichsten historischen Buchreihen im deutschsprachigen Raum. Sie enthalten Forschungen zur Kirchen- und Dogmengeschichte des Christentums aller Epochen, veröffentlichen aber auch Arbeiten aus verwandten Disziplinen wie beispielsweise der Archäologie, Kunstgeschichte oder Literaturwissenschaft. Kennzeichnend für die Reihe ist der durchgängige Anspruch, historisch-methodische Präzision mit systematischen Kontextualisierungen des jeweiligen Gegenstandes zu verbinden. In jüngerer Zeit erscheinen verstärkt Arbeiten zu Themen einer Kultur- und Ideengeschichte des Christentums in einem methodisch offenen christentumsgeschichtlichen Horizont.

Perspectives on New Testament Textual Criticism, Volume 2 Jun 24 2022 Perspectives on New Testament Textual Criticism, Volume 2, with articles published during 2006-2017, treats many aspects of New Testament textual criticism, emphasizing the criteria for constructing the earliest attainable text, and extracting stories told by “rejected” variants that illuminate issues

in the early Christian churches.

The New Cambridge History of the Bible: Volume 3, From 1450 to 1750 Dec 07 2020 This volume charts the Bible's progress from the end of the Middle Ages to the Enlightenment. During this period, for the first time since antiquity, the Latin Church focused on recovering and re-establishing the text of Scripture in its original languages. It considered the theological challenges of treating Scripture as another ancient text edited with the tools of philology. This crucial period also saw the creation of many definitive translations of the Bible into modern European vernaculars. Although previous translations exist, these early modern translators, often under the influence of the Protestant Reformation, distinguished themselves in their efforts to communicate the nuances of the original texts and to address contemporary doctrinal controversies. In the Renaissance's rich explosion of ideas, Scripture played a ubiquitous role, influencing culture through its presence in philosophy, literature, and the arts. This history examines the Bible's impact in Europe and its increasing prominence around the globe.

The Seven Epistles of James, Peter, John, and Jude, and the Revelation, Translated from the Original Greek; with Critical Notes, and a Dissertation on the Authenticity. of 1 John V. 7, 8 ... By Joseph Turnbull Aug 22 2019

The Encyclopedia of New Testament Textual Criticism Jan 26 2020 This is a PDF based on the contents of a web site I've been working on for decades. I do not believe I will ever entirely finish it. But I wanted to make it available. Textual criticism is the process of recovering an ancient document from late and corrupt manuscript copies; New Testament Textual Criticism consists of trying to figure out what the New Testament originally said before scribes messed it up. Dedicated to Dr. Sally Amundson and Dr. Carol Elizabeth Anway and Lily. This version, from July 20, 2013, will probably be the last; the file is almost too large to edit.

Biblical Hermeneutics, Second Edition Oct 24 2019 This practical textbook is "the most exhaustive single work in our language on the history of the interpretation of the Scriptures." So affirms Dr. Wilbur M. Smith, well-known Bible scholar. Milton S. Terry's book on 'Biblical Hermeneutics' (the science of interpretation) is conveniently divided into three main areas: Part I -- Introduction to Biblical Hermeneutics Part II -- Principles of Biblical Hermeneutics Part III -- History of Biblical Interpretation This ideal standard textbook abstains from

dogmatism and adheres strictly to the method of scientific and conscientious inquiry. It ranks as a classic in its field. Adapted to meet the practical needs of most students studying the Word of God, 'Biblical Hermeneutics' is a model text for interpreting the Bible.

Encyclopedia of Renaissance Philosophy Aug 03 2020
Gives accurate and reliable summaries of the current state of research. It includes entries on philosophers, problems, terms, historical periods, subjects and the cultural context of Renaissance Philosophy. Furthermore, it covers Latin, Arabic, Jewish, Byzantine and vernacular philosophy, and includes entries on the cross-fertilization of these philosophical traditions. A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is, rather simply to cover the philosophy of the period between 1300 and 1650.

The Pseudepigrapha and Christian Origins Jan 08 2021

In the Seminar "The Pseudepigrapha and Christian Origins" of the "Studiorum Novi Testamenti Societas", chaired from 2000 to 2006 by Professors James H. Charlesworth (Princeton) and Gerbern S. Oegema (McGill), the relation between the Pseudepigrapha and the New Testament has been discussed systematically and intensively in a way never seen before. The Pseudepigrapha investigated included the Old Testament

ones and those found in the Qumran as well as the Pseudepigrapha of the New Testament and the ones used in the Early Church. The seminar and its participants, who were all internally renowned experts from around the world, have focused on the use, adaptation, reinterpretation and further development of non-canonical traditions (except for Philo, Josephus, the Essene and early Rabbinic writings) in the canonical writings of Early Christianity. The seminar has met in total five times in various locations, while systematically being arranged around the following topics: The Pseudepigrapha and the Synoptic Gospels, the Gospel of John, the Epistles of Paul, the Other New Testament Writings, and the Revelation of John.

A Parallel & Interlinear New Testament Polyglot

Sep 27 2022 For those wanting to retain language abilities for research or recreation, this volume contains the Gospel of Matthew in Interlinear format and the Gospel of Mark in parallel format in Hebrew, Latin, Greek, English, German, and French.

The Making of the Bible Sep 03 2020 The authoritative new account of the Bible's origins, illuminating the 1,600-year tradition that shaped the Christian and Jewish holy books as millions know them today. The Bible as we know it today is best understood as a process, one that begins in the tenth century BCE. In this revelatory account, a world-renowned scholar of Hebrew scripture joins a foremost authority on the New Testament to write a new biography of the Book of Books,

reconstructing Jewish and Christian scriptural histories, as well as the underappreciated contest between them, from which the Bible arose. Recent scholarship has overturned popular assumptions about Israel's past, suggesting, for instance, that the five books of the Torah were written not by Moses but during the reign of Josiah centuries later. The sources of the Gospels are also under scrutiny. Konrad Schmid and Jens Schröter reveal the long, transformative journeys of these and other texts en route to inclusion in the holy books. The New Testament, the authors show, did not develop in the wake of an Old Testament set in stone. Rather the two evolved in parallel, in conversation with each other, ensuring a continuing mutual influence of Jewish and Christian traditions. Indeed, Schmid and Schröter argue that Judaism may not have survived had it not been reshaped in competition with early Christianity. A remarkable synthesis of the latest Old and New Testament scholarship, *The Making of the Bible* is the most comprehensive history yet told of the world's best-known literature, revealing its buried lessons and secrets.

A Religious Encyclopaedia: Or Dictionary of Biblical, Historical, Doctrinal, and Practical Theology Feb 06 2021

Historical Handbook of Major Biblical Interpreters Feb 18 2022 Contributors from both historical and biblical studies profile the methods, perspectives and seminal works of major biblical interpreters from the

second century to the late twentieth century. Includes introductory essays for each period and bibliographies of each interpreter. Edited by Donald K. McKim.
