Book on Gujjars & Gujar Language, Gujri Language , Gojari Language, Gojri Language The Gujjars - Dr. Javaid Rahi-Volume 03 Gojri belongs to the central group of the Indo Aryan subfamily of Indo-European languages. Gojri (or Gojri) is spoken by the Gurjars (or Gujjars), traditionally nomadic pastoralists, who are scattered widely throughout the northern Subcontinent. While remaining an “oral society” in the classic sense, Gujjars in recent decades have begun attending school, organizing politically, and writing poetry and prose in their own language. Today, in part because of government sponsorship, the level of Gojri broadcasting and literary activity is higher than that for other minority languages in the region. To date, however, Gojri lacks an agreed-upon set of writing conventions. Writers and editors tend to write phonetically, and with wildly varying degrees of reference to the conventions of Urdu, the primary language of wider communication and the language of education in most communities. Engaging with Linguistic Diversity describes an innovative and highly successful approach to inclusive plurilingual education at primary level. The approach was developed by Scoil Bhríde (Cailíní), Blanchardstown, as a way of converting extreme linguistic diversity – more than 50 home languages in a school of 320 pupils – into educational capital. The central feature of the approach is the inclusion of home languages in classroom communication. After describing the national context, the book traces the development of Scoil Bhríde's approach and explores in detail its impact on classroom discourse, pupils' plurilingual literacy development, and their capacity for autonomous learning. The authors illustrate their arguments with a wealth of practical evidence drawn from a variety of sources; pupils' and teachers' voices are especially prominent. The concluding chapter considers issues of sustainability and replication and the implications of the approach for teacher education. The book refers to a wide range of relevant research findings and theories, including translanguaging, plurilingual and intercultural education, language awareness and language learner autonomy. It is essential reading for researchers and policy-makers in the field of linguistically inclusive education.
