*Wesleyan University, 1910-1970 Apr 14 2021 Winner
of the Homer D. Babbidge Jr. (2016) In Wesleyan
University, 1910-1970, David B. Potts presents an
engaging story that includes a measured departure
from denominational identity, an enterprising
acquisition of fabulous wealth, and a burst of
enthusiastic aspirations that initiated an era of
financial stress. Threaded through these episodes is a
commitment to social service that is rooted in
Methodism and clothed in more humanistic garb after
World War II. Potts gives an unprecedented level of
attention to the board of trustees and finances. These
closely related components are now clearly introduced
as major shaping forces in the development of
American higher education. Extensive examination is
also given to student and faculty roles in building and
altering institutional identity. Threaded throughout
these probes within in the analytical narrative is a
close look at the waxing and waning of presidential
leadership. All these developments, as is particularly
evident in the areas of student demography and
faculty compensation, travel on a pathway through*

middle-class America. Within this broad context, Wesleyan becomes a window on how the nation's liberal arts colleges survived and thrived during the last century. This book concludes the author's analysis of changes in institutional identities that shaped the narrative for his widely praised first volume, Wesleyan University, 1831-1910: Collegiate Enterprise in New England. His current fully evidenced sequel supplies helpful insights and reference points as we encounter the present fiscal strain in higher education and the related debates on institutional mission.

Liberty for All Nov 09 2020 Americans are
increasingly dismayed with a broken political system
and the big institutions they blame for a Darwinian
economy (in which it's getting harder to get ahead).
What they've lost sight of is the importance of self-
reliance and personal initiative in every individual's
quest for prosperity. Liberty For All pushes past the
usual go-nowhere policy prescriptions to probe what
ordinary people can do to build their own self-reliance
and enhance their odds of success. In a wry and
entertaining narrative, Rick Newman embarks on a
quest to improve his own self-reliance by camping

with "doomsday preppers," deconstructing the "rugged individualist" that politicians so often invoke, and detailing the ways we unnecessarily shackle ourselves. The result is a guide to enriching your prospects—and your life—by harnessing every freedom available.

RAW Jan 12 2021 RAW addresses the question of sex without condoms, or barebacking, in the age of PrEP, a drug that virtually eliminates the transmission of HIV. Writing out of the history of the AIDS crisis, the authors in RAW expand the study of barebacking into new areas, such as its appearance within lesbian, heterosexual, and BDSM communities and its implications for teaching critical sexology.
