gives complete study support throughout the two A Level years. This Study Guide matches the curriculum content and provides in-depth course coverage plus invaluable advice on how to get the best results in the exams  
**AQA GCSE Mathematics** Dec 31 2022 Written to cover the AQA GCSE Mathematics A modular specification (Unit 1, Higher), our student book targets the skills and knowledge required for the exam. Functional mathematics is integrated throughout providing an emphasis on applying mathematics in a real-life context.

*Towards Gender Equity in  
Mathematics Education* Dec 27 2019 The present volume consists of original scholarly articles that develop further issues pertaining to gender equity in mathematics education. The premise - that there is no physical or intellectual barrier to the participation of women in mathematics, science, and technology - provides the starting point for analyses and

discussion. The authors explore the attitudinal and societal/structural reasons for the gender imbalance in these fields and look at foci for change, including curriculum and assessment practices, classroom and school cultures, and teacher education programs. A major part of the book comprises a series of detailed descriptive studies of education systems across the world from the perspective of mathematics and gender equity issues.
