This work contains a selection of papers from the International Conference on Urban Studies (ICUS 2017) and is a bi-annual periodical publication containing articles on urban cultural studies based on the international conference organized by the Faculty of Humanities at the Universitas Airlangga, Indonesia. This publication contains studies on issues that become phenomena in urban life, including linguistics, literary, identity, gender, architecture, media, locality, globalization, the dynamics of urban society and culture, and urban history.

This is an Open Access ebook, and can be found on www.taylorfrancis.com. Development of Asia in socioeconomics, sociopolitics, and socioculture; collected papers. The Indonesian Town Revisited reflects the growing interest in new towns and the urban sprawl around Jakarta, the economic crisis and its effects on the construction sector. Furthermore, a new direction in research is related to the growing interest in middle range cities. Some well-established topics are also covered, such as kampung improvement, urban conservation and migration. "This is a bold

project recording the lives of a particular group of Southeast Asians. Most of the people whose biographies are included here have settled down in the ten countries that constitute the region. Each of them has either self-identified as Chinese or is comfortable to be known as someone of Chinese ancestry. There are also those who were born in China or elsewhere who came here to work and do business, including seeking help from others who have ethnic Chinese connections. With the political and economic conditions of the region in a great state of flux for the past two centuries,

it is impossible to find consistency in the naming process. Confucius had stressed that correct names make for the best relationships. In this case, Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have, in one way or another, made their homes in, or made some difference to, Southeast Asia. I believe that, when he and his colleagues selected the biographies to be included here, they have taken a big step towards the rectification of identities for many leading personalities. In so doing, he has done

us all a great service." - Professor Wang Gungwu, National University of Singapore
Incorporating research findings over the last twenty years, First Islanders examines the human prehistory of Island Southeast Asia. This fascinating story is explored from a broad swathe of multidisciplinary perspectives and pays close attention to migration in the period dating from 1.5 million years ago to the development of Indic kingdoms late in the first millennium CE. IPS sebagai mata pelajaran di tingkat sekolah dasar pada hakikatnya merupakan suatu integrasi utuh dari

disiplin ilmu-IPS dan disiplin ilmu lain yang relevan untuk merealisasikan tujuan pendidikan di tingkat persekolahan. Implikasinya, berbagai tradisi dalam IPS termasuk konsep, struktur, cara kerja ilmuwan sosial, aspek metode, maupun aspek nilai yang dikembangkan dalam ilmu-IPS, dikemas secara psikologis, pedagogis, dan sosial budaya untuk kepentingan pendidikan. Berdasarkan perspektif tersebut, secara umum IPS dapat dimaknai sebagai seleksi dari struktur disiplin akademik ilmu-IPS yang diorganisasikan dan disajikan secara

ilmiah dan psikologis untuk mewujudkan tujuan pendidikan dalam kerangka pencapaian tujuan pendidikan nasional. Untuk mewujudkan apa yang terurai di atas, diperlukan suatu buku ajar bagi guru SD/MI, mahasiswa/calon guru SD/MI atau para pemerhati pendidikan yang haus akan bidang keilmuan IPS. Secara ringkas buku ini membahas mengenai konsep dasar IPS di SD/MI. Bagian awal buku ini secara runtut mengupas konsep dan ruang lingkup kajian IPS. Pembahasan selanjutnya meliputi kurikulum dan pembelajaran. Kemudian, pembahasan secara

terstruktur analogis mengenai stuktur pranata dan proses sosial, prinsip dasar hukum dan pemerintahan, manusia dan lingkungan, pengaruh budaya asing terhadap kebudayaan sejarah perjuangan bangsa, perekonomian, dan pembangunan nasional Indonesia. In Gender Relations in an Indonesian Society Nurul Ilmi Idrus offers a comprehensive ethnography of Bugis marriage, exploring aspects of gender and sexuality in this bilateral, highly competitive, hierarchical society. Indonesia, the state with the largest Muslim population in the world, is in a process of continuous societal

transformation. From the perspective of Media and Communication Studies, recent political developments towards an increasingly consolidated democratic system are of great interest. The comparison with Germany may seem unusual and asymmetrical. The countries differ with regard to the religious and cultural practices, and media and social developments are neither intertwined nor similar at first glance. A closer look, however, reveals structural similarities between Germany and Indonesia: dynamics and

regressions of political transformation under pressure from radical political movements; hyper-modernization in parts of the economies and social life-worlds of post-modern urbanization; a heritage of genocides and cultural struggles over the multi-ethnic and multi-religious fabrics of society. The book deals with the role media play in the course of these political, economic and cultural transformations. Do they 'follow' or 'lead' the changes in political systems and societies? What can countries learn from each other if they step outside the usual

ethnocentric comparisons and engage in a more intense global dialogue? The book is a groundbreaking endeavour in comparative Media and Communication Studies and brings together wellknown researchers from hitherto largely separated academic communities. The Ecology of Papua provides a comprehensive review of current scientific knowledge on all aspects of the natural history of western (Indonesian) New Guinea. Designed for students of conservation, environmental workers, and academic researchers, it is a richly detailed text, dense with

biogeographical data, historical reference, and fresh insight on this complicated and marvelous region. We hope it will serve to raise awareness of Papua on a global as well as local scale, and to catalyze effective conservation of its most precious natural assets. New Guinea is the largest and highest tropical island, and one of the last great wilderness areas remaining on Earth. Papua, the western half of New Guinea, is noteworthy for its equatorial glaciers, its vast forested floodplains, its imposing central mountain range, its Raja Ampat Archipelago, and its several hundred traditional forest-dwelling societies.

One of the wildest places left in the world, Papua possesses extraordinary biological and cultural diversity. Today, Papua's environment is under threat from growing outside pressures to exploit its expansive forests and to develop large plantations of oil palm and biofuels. It is important that Papua's leadership balance economic development with good resource management, to ensure the long-term well-being of its culturally diverse populace. This proceeding contains selected papers of The International Seminar On Recent Language, Literature, And

Local Culture Studies "Kajian Mutakhir Bahasa, Sastra, Dan Budaya Daerah (BASA)" held on 20-21 September 2019 in Solo, Indonesia. The conference which was organized by Sastra Daerah, Faculty of Cultural Sciences Universitas Sebelas Maret and Culture Studies Postgraduate Program of Universitas Sebelas Maret. The conference accommodates topics for linguistics in general including issues in language, literature, local cultural studies, philology, folklore, oral literature, history, art, education, etc. Selecting and reviewing process

for the The International Seminar On Recent Language, Literature, And Local Culture Studies “Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah” was very challenging in that it needs a goodwill of those who were involved in such a process. More than ten experts were invited in reviewing, giving suggestions for revision and at last selecting the papers. On that account, we would like to forward our appreciation and our gratefulness to such invited experts for having done the process. The committee received more than 180 papers from the participants and based on the results

of the review, only 141 papers were declared fit to be presented at the seminar and subsequently published in the proceedings of BASA#3-2019 Papers in the proceeding are expected to give academic benefits, especially in broadening the horizon of our understanding in language, literature, and local culture studies. We realize that what we are presenting for the publication is till far for being perfect. Constructive criticism is very much welcome for improvement. Finally, the committees thank for the participation and congratulate for the publication

of the papers in the proceedings of BASA#3-2019. The committees also thank all those who have supported and actively participated for the success of this event. Hopefully these Proceedings can be used as references in developing technology and improving learning activities in the fields of education, social, arts and humanities. This proceeding is a compilation of papers which is presented at “International Seminar” titled “Art and Spirituality” held by Postgraduate Program, ISI Padangpanjang, 9 November 2016. There are some main speakers who

are invited: Dr. Diane Butler (United States), Dr. Megan Collins (New Zealand), Prof. Dr. I Wayan Rai S., MA (ISBI Tanah Papua), Mr. Surasak Jamnongsarn (Thailand), and Dr. Joe Peters (National University of Singapore). Moreover, 25 writers from several backgrounds (academics and practitioners) also presented their papers in this seminar. Hopefully, This "Art and Spirituality" proceeding could enrich repertoire of art references in Indonesia and also becomes an encouragement to academics and artists to "dish up" ideas in form of

scientific papers. "This ethnographic study attempts to portray Pesantren Daarut Tauhid in Bandung, Java, in terms of its emergence, its nature and structure, and the role it plays in the reinforcement of Islamic morality in a Muslim community. The initial stages and the foundation of the pesantren are first discussed in order to understand a number of events which were crucial to the emergence of the pesantren. The thesis then examines the nature of the leader and his followers and the structure of interrelationships between them. Next, the practice of Islam at the pesantren is

discussed in order to consider its creativity in expressing Islam. Finally, the thesis discusses the ways by which the pesantren reinforces religious morality."--Provided by publisher. Indonesien hat eine Religionsstruktur, die trotz der auf Ausgleich zielenden Staatsphilosophie Pancasila immer wieder zu Konflikten führt. Der Anteil der Christen beträgt etwa zwölf Prozent, ungefähr 85 Prozent gehören zum Islam, ein kleinerer Teil davon auch zu radikalen Ausprägungen. Wo Christen in der Minderheit sind, können einzelne Gemeinden schwere Konflikte erfahren, während

andere von einem konstruktiven und friedlichen Zusammenleben mit ihrer andersreligiösen Umgebung berichten. Der Verfasser dieser Arbeit untersucht, worin die Ursachen dieser unterschiedlichen Erfahrungen liegen und welche relevanten Schlussfolgerungen daraus für Präsenz und Verkündigung christlicher Gemeinden in diesem Land zu ziehen sind. Asian Anthropology raises important questions regarding the nature of anthropology and particularly the production and consumption of anthropological knowledge in Asia. Instead of assuming

a universal standard or trajectory for the development of anthropology in Asia, the contributors to this volume begin with the appropriate premise that anthropologies in different Asian countries have developed and continue to develop according to their own internal dynamics. With chapters written by an international group of experts in the field, Asian Anthropology will be a useful teaching tool and a valuable resource for scholars working in Asian anthropology. A comparative introduction to ethnicity in East and Southeast Asia since 1945. Each chapter covers a

particular country looking at core issues such as ethnic minorities and groups, population, language, culture and traditional religion. Confronted with rapid changes and market-place pressures, managers throughout Asia are questioning their leadership. This book will help them integrate their traditions with modern practices to forge approaches suitable for their cultures and effective for today's global market demands. It also helps Western managers adapt their methods so that they can lead successfully in Asia-Pacific. To be successful, Asia-Pacific leaders must

work to develop effective, close relationships with their employees and among their employees. Chapters written by scholars from ten Asia-Pacific countries highlight this common theme and also describe the expectations and orientations which managers can expect in a particular country. Modernisasi hukum keluarga baru kembali mendapatkan momentumnya pada masa Orde Baru, meski perebutan pengaruh antara kelompok Islam tradisional dan kelompok perempuan reformatif tetap berlangsung sengit. Pada masa ini pun, modernisasi hukum

keluarga didorong kuat oleh peran Pemerintah. Hasilnya, diundangkannya Undang-Undang Nomor 1 Tahun 1974 tentang Perkawinan. Undang-undang ini sejatinya merupakan hasil kompromi politik antara kelompok Islam, kelompok perempuan, dan kelompok pemerintah. Secara umum, sesuai dengan misinya, modernisasi hukum keluarga di Indonesia sejatinya mampu mengelola tingkah laku masyarakat Indonesia. Hal ini dapat dilihat dari beberapa aspek modernisasi. Modernisasi hukum keluarga juga telah mampu menekan angka poligami dan

perceraian di Indonesia. Selanjutnya, modernisasi hukum keluarga juga berhasil memola tingkah laku masyarakat dalam aspek perkawinan beda agama, relasi suami istri, dan masalah kewarisan sebagaimana diatur dalam KHI. Buku ini sangat bermanfaat menjadi bahan bacaan bagi para mahasiswa dan dosen dari semua fakultas hukum, dan fakultas syariah yang ada di tanah air kita. Buku ini lahir dari keinginan untuk memperkaya referensi Sosiologi Kebudayaan bagi mahasiswa dan masyarakat karena sebagai sebuah matakuliah Sosiologi Kebudayaan membutuhkan

banyak referensi. Sosiologi Kebudayaan merupakan ilmu yang mempelajari kebudayaan melalui perspektif sosiologi. Metode yang digunakan dalam mempelajari kebudayaan biasanya menggunakan nilai-nilai kearifan lokal yang tumbuh dan berkembang di masyarakat, serta perilaku kehidupan keseharian masyarakat. Sosiologi kebudayaan juga menggambarkan dan menganalisis kehidupan manusia di masa kini yang dipengaruhi oleh berbagai faktor yang multi kompleks. Buku ini merupakan hasil penelitian penulis dengan menggunakan

metode kualitatif untuk memahami fenomena yang dialami oleh subjek penelitian secara holistik, dengan cara mendeskripsikan kata dan bahasa pada suatu konteks khusus yang alamiah dan memanfaatkan berbagai metode alamiah. Untuk memperoleh data peneliti melaksanakan observasi, wawancara, studi dokumen dan focus group discussion. Data yang diperoleh dianalisis kemudian diinterpretasikan secara kualitatif. Secara khusus beberapa fenomena kebudayaan yang ditulis dalam buku ini berasal dari penelitian penulis di Kawasan Danau Toba Provinsi

Sumatera Utara. Praktik peradilan di Indonesia telah menimbulkan perdebatan di kalangan pengacara dan hakim. Beberapa dari mereka berargumen bahwa eksekusi orang hukum tidak boleh dilakukan karena hukum yang ada tentang eksekusi hanya berkaitan dengan benda atau properti, bukan untuk orang atau manusia. Yang lain berpendapat bahwa eksekusi badan hukum dapat dilakukan jika putusan pengadilan bersifat menghukum. In Culture, Power, and Authoritarianism in the Indonesian State, Tod Jones provides a critical history of cultural policy in one of the

world's most diverse nations across the tumultuous twentieth century. Biographies of ninety Indonesian famous based on Maestro television feature program of Metro TV. The Indonesian term adat means 'custom' or 'tradition', and carries connotations of sedate order and harmony. Yet in recent years it has suddenly become associated with activism, protest and violence. This book investigates the revival of adat in Indonesian politics, identifying its origins, the historical factors that have conditioned it and the reasons behind its recent

blossoming. It considers whether the adat revival is a constructive contribution to Indonesia's new political pluralism or a divisive, dangerous and reactionary force, and examines the implications for the development of democracy, human rights, civility and political stability. The Revival of Tradition in Indonesian Politics provides detailed coverage of the growing significance of adat in Indonesian politics. It is an important resource for anyone seeking to understand the contemporary Indonesian political landscape. This work grew out of field research on Malay - Chinese

Indonesian interaction along the Northern Coasts of West Kalimantan. The research proves that the interaction between the two entities in this area is not similar to the one we found in Teluk Pakedai, Kubu Raya Regency. In Teluk Pakedai, the harmonious interaction originated by a sort of "simplicity." Paperless economic transaction between Malay and Chinese Indonesian traders is a living tradition. Neither receipt nor bill is needed, even in debt transactions. When questioned, what if another party forgets or dies? The answer was: "Nothing to worry about, it is

Teluk Pakedai." The similar simplicity is also found in conflict resolution, elites who first recognized the problem would come to the other group discussing the solution with no need to investigate "who commits the sin". Furthermore, regarding the question of "Who are the earliest inhabitants of Teluk Pakedai, Malay-Bugis or Chinese?" many Malay-Bugis, in contrast to popular identification of Teluk Pakedai as Malay-Bugis settlement, provided an interesting answer: "...possibly Chinese as the name Teluk Pakedai refers to an old time Chinese Shop. Fully indexed and cross-referenced, The Routledge

Dictionary of Anthropologists will prove indispensable for students of anthropology. Kebudayaan Indonesia telah lama menjadi fokus perhatian Negara. Di bawah pemerintahan kolonial Belanda, pendudukan Jepang, dan pemerintahan sendiri, kebijakan budaya telah berupaya untuk mendefinisikan dan mendiseminasikan sebuah versi budaya yang terkait dengan bahasa, sejarah, aliansi, dan tujuan Negara. Seiring meningkatnya sumber daya dikendalikan oleh Negara, versi budaya nasional yang demikian itulah yang menyebar di

seluruh Indonesia. Setiap warga Indonesia harus menyesuaikan diri dengan budaya Indonesia versi Negara. Budaya nasional yang demikian itu seharusnya tidak boleh diterima begitu saja tanpa sikap kritis. Kebudayaan dan Kekuasaan di Indonesia memetakan pengaruh perubahan politik penting terhadap kebijakan budaya oleh Negara: dari pemerintahan kolonial Belanda, pendudukan Jepang, pembunuhan dan represi terhadap kaum komunis pada tahun 1965-an, hingga kembalinya pemerintah demokratis. Tod Jones juga

menyelidiki perubahan social yang lebih luas seperti nasionalisme dan budaya konsumen. Buku ini memakai konsep kebijakan budaya otoritarian, yang mengulas kebijakan budaya di Indonesia dari zaman kolonial sampai era reformasi. Kebudayaan dan Kekuasaan di Indonesia menyajikan paling tidak dua hal penting. Yaitu sejarah kritis tentang publikasi budaya Negara dan taman Budaya dan Dewan Kesenian. Penggunaan bab-bab studi sejarah dan studi kasus oleh Tod Jones menangkap perubahan kebijakan budaya dari Negara pusat

dan hasil-hasilnya yang beragam di seluruh Indonesia. Cara ini menyediakan alat untuk keterlibatan kritis dengan budaya nasional yang akan menantang pembaca berfikir tentang peran kebijakan budaya pada masa sekarang ini. Ohne Martin Heideggers „Sein und Zeit“ von 1927 läßt sich weder die Philosophie des 20. Jhs. noch die philosophische Gegenwartsdiskussion verstehen. Wie kam es, daß sein bahnbrechender, innovativer Zugang zur Welt und zur menschlichen Existenz, sein neues Verständnis von Zeit und Geschichte, Sorge und Tod,

Alltäglichkeit und Verstehen sowie seine grundsätzliche Kritik an traditioneller Ontologie und Bewußtseinsphilosophie bereits die erste Schüलगeneration zu wegweisenden Entwürfen inspirierte? Warum blieb das Werk Fragment? Wodurch ermöglichte es dennoch Rezeptionen, die bis in die Gegenwart Epoche machten? Wie konnte das Werk seine tiefgreifenden Wirkungen auf ev. wie kath. This encyclopedia provides a comprehensive overview of the traditions, cultures,

kinship norms, and other significant cultural aspects of the tribes, or otherwise named ethnic groups, of Indonesia, by an Indonesian anthropologist. The entries are supported by illustrations drawn by the late author himself, and are also accompanied by maps indicating the geographic locations and distributions of each tribe throughout the vast archipelago. Originally written and published in Bahasa Indonesian, the text has been translated into English and revised to feature up-to-date information. In showcasing the extent of diversity and the distinctiveness of

the numerous tribal cultures in Indonesia, the volume presents itself as an important academic reference in Indonesian anthropology and ethnography studies, now finally available to global readership.
